## How It Works

The screenshot shows a web browser window with the URL <http://www.resolveitnow.com/howitworks.asp>. The page title is "About ResolveItNow.com - Microsoft Internet Explorer". The browser's address bar and toolbar are visible at the top. The website's navigation bar includes links: Home, Claims, Customer Service, Apply Now, Login, and Respond to a Claim. A status bar at the top right indicates "Logged in User: todd".

The main content area is titled "Streamlining How Claims and Disputes are Resolved". Below this, the "How It Works..." section is displayed. It begins with a paragraph: "ResolveItNow.com's blind, easy-to-use process assures total confidentiality and objectivity, with a complete paper trail. And it minimizes the roles of middlemen and the hassles of face-to-face settlement meetings and phone tag."

Two sub-sections follow: "How Do I Initiate a Claim?" and "How Do I Respond To A Claim?". Each sub-section contains a numbered list of five steps. The "How Do I Initiate a Claim?" steps are: 1. Click on the Apply Now or Login button on the home page. 2. Follow the simple instructions and enter basic information about the claim. 3. Select a desired settlement range from the menus. 4. Click on your confidential settlement range or Enter your confidential settlement offer. 5. The software instantly generates a unique offer identification number and password, then contacts the other party by email and ground mail, inviting them to respond - without revealing your offer or range.

The "How Do I Respond To A Claim?" section contains a numbered list of three steps: 1. Click on the Respond to a Claim button on the home page. 2. Enter your unique User ID number and password you received by mail or email. 3. Click on your confidential settlement range or Enter your confidential settlement offer.

At the bottom left, there is a "Site Secured with:" label and the VeriSign logo. A vertical navigation menu on the left side of the page lists: Home, How It Works, Advantages, About Us, Fees, Claims, Apply Now, Login, New Claim, Respond to Claim, Contact Us, Customer Service, and E-Mail Us.

### First Round Offer/Demand Settlement Parameters:

Your claim/case will settle if the offer and demand are within the range increment you have selected. The settlement will be calculated to be the mid-point between the high amount of the lower range and the low amount of the higher range. For example:

**Offer:** \$3,000 to \$6,000      **Demand:** \$4,000 to \$7,000

**Settlement:** \$5,000 or the midpoint between \$6,000 and \$4,000.

**\$5,000**

<b>Demand From:</b>	<b>RESOLUTION</b>	<b>Demand To:</b>
\$3,000	\$4,000	\$7,000

Your claim/case will settle if the offer range and demand range touch at either the low or high amount. The settlement will be the point at which the ranges touch. For example:

**Offer:** \$3,000 to \$6,000      **Demand:** \$6,000 to \$9,000

**Site Secured with:**

**True Objectivity Without Conflicts**

Our process only considers two factors - the acceptable settlement range you select, and the specific offers from each party. ResolvItNow's process never dissolves into emotional battles, posturing or personality conflicts, like face-to-face or telephone negotiations sometimes do. You can focus on getting the settlement you want. And it works whether or not each party is represented by counsel.

**Eliminates Phone Tag, Meetings and Delays**

ResolvItNow's website is available to you 24 hours a day. Initiate a case, respond, and submit offers in just minutes, no matter where the parties are located. Every offer is processed instantly, so you're not held up by procedural delays. You never have to play phone tag, or go through the hassles and expense of scheduling and attending unpredictable and emotional negotiation meetings.

**No Middlemen**

With ResolvItNow, you don't waste time and money hiring mediators or additional lawyers, and preparing for formal mediation. And you never have to worry about the integrity and confidentiality of the mediator or the other party's attorney.

**You Pre-Approve All Settlements**

Because you select an acceptable settlement range before you submit an offer, you'll never be surprised by a settlement amount you didn't approve in advance.

**ResolvItNow Is The Easy, Efficient and Safe Way To Settle Disputed Claims**
